El Brings Value To Your Project!

El Associates has been delivering project excellence since 1944. We offer Single Source Responsibility, providing our clients with the complete range of architectural, interior design, engineering and construction services and expertise necessary to turn your ideas into reality. El Associates provides creative, efficient and effective design solutions from "High Tech to Traditional" to a broad spectrum of clients in all types of corporate, financial, educational, industrial and healthcare organizations. Our project solutions are designed to convey each client's desired image, address functional needs and meet budgetary requirements. Our interiors portfolio includes lobbies, private offices, open office areas, financial facilities, conference facilities, kitchens, cafeterias and executive dining areas, fitness centers, showrooms, libraries as well as all associated support areas from "modest-level" interiors to custom, high-end "Class A" interiors.

Vision Statement

We seek to turn the needs of each client into functional reality in a collaborative, relationship driven, results-oriented project delivery process. We promote excellent teamwork between smart, experienced professionals who are "hands-on" and demand first rate service. True partnerships are developed that generate a "can-do" spirit, speeding project delivery and resulting in genuine client delight. We are committed to providing each of our clients with the best available professional services to create successful projects as part of a long-term relationship.

Guy Cipriano, P.E.
